## Church Planters Assessment Center

**September 19-21 or November 7-9**

Our Church Planter Assessment Center (CPAC) is a rewarding, 3-day self-discovery journey. Designed to help potential church planters and their spouses clarify whether or not they have the specific calling, necessary gifts, and ministry skills to be an effective lead church planter in a congregational-style church plant (typically 150+ people).

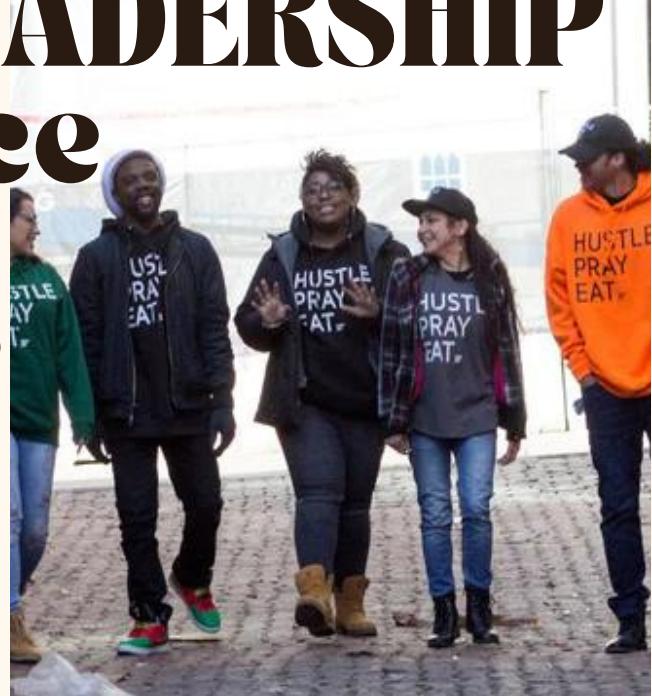

Along with the guidance from the Holy Spirit, our CPAC utilizes trained assessors, proven self-awareness inventories, group projects, behavioral interviews, and professional psychological analysis to help discern if a person has the potential to be a lead church planter.

Participating in our CPAC event can lead to a gratifying new level of directional self-awareness and assurance in God's will.

For more information about participating in a CPAC, please get in touch with us at
